Mid-Coast Recreation Center Inc (MRC) Financial Assistance Program

MRC is a nonprofit committed to the promotion of healthy living for children, adults, and families in our community through sports and fitness programs, regardless of their ability to pay. These programs are meant to encourage physical activity and good sportsmanship for the individual or team player, and our hope is that this promotion of a healthy lifestyle will go home with every person who walks through our doors. No one will be turned away due to financial hardships or unexpected emergency expenses. That is why we offer financial assistance and review applications on an individual basis. All MRC patrons receive the same program benefit or service whether they receive financial assistance or not. Participants for our financial assistance program include but are not limited to:

- Youth referred by schools, churches and nonprofit organizations
- Adults temporarily out of work
- Single parents or guardians experiencing financial hardships
- Families or individuals on fixed incomes
- Families or individuals overwhelmed by medical expenses
- Hardships caused by a house fire or family tragedies
